

EEF Meeting Minutes, Thursday April 4, 2019

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors
Meeting #3, April 4, 2019

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom) beginning at 16:00 UTC

Attendance

The following members of the board of directors were present (10/11): Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Frédéric Trottier-Hébert, Kenneth Lundin, Miriam Pena Villanueva, Peer Stritzinger, Sebastian Stollo, José Valim, and Alistair Woodman.

Desmond Bowe (proposed marketing working group) was also present.

Status Update

Alistair reported that he had sent in checks for registration with the California Department of Justice, and Secretary of State. The California Department of Justice cashed check for \$25 on March 26, 2019 as part of filing of Initial Registration, Registry of Charitable Trusts. The California Secretary of State cashed check for \$20 as part of filing of CA SI-100 on April 2, 2019.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of board meeting #2 held on March 21, 2019.

2. Discussion and vote on approving the sponsorship levels. The suggestion, sent out in advance by Peer, was to have three levels of sponsorship with yearly minimal amounts at \$2,000, \$5,000, and \$10,000 (for companies with revenue or expenses at <\$1,000,000, \$1,000,000 - \$5,000,000, and above \$5,000,000 respectively) to be named a sponsor with the sponsors logo on the foundations website.

RESOLVED, that the Erlang Ecosystem Foundation approve and adopt the three levels of sponsorship and a June 30, 2019 deadline for being named a "founding sponsor", a copy of the written suggestion is inserted with the minutes of this meeting.

3. Discussion and vote on approving supporting membership fees. The suggested level for a yearly membership fee was \$99, and lifetime supporting member at \$999. There was a discussion on how to adopt a fee schedule based on where in the world the member lives since the proposed level is more expensive in some countries. There was consensus that this is a good idea, but since no specific proposal was put forward to vote on, Francesco, José, and Alistair agreed to investigate further.

RESOLVED, that the Erlang Ecosystem Foundation approve and adopt a yearly membership fee at \$99 and lifetime membership fee of \$999 to be called a supporting member in accordance with section 4.5 in the bylaws.

4. Presentation of the budget for the purpose of filing for 501(c)(3) status. Alistair presented the preliminary budget to file with the IRS.

RESOLVED, that Alistair is entrusted with completing the budget in accordance with the presented proposal.

5. Vote on approving working group. Desmond presented the proposal to form a “Marketing” working group, which was approved in accordance with Article VII of the EEF Bylaws.

RESOLVED, that the Erlang Ecosystem Foundation approve the establishment of the “Marketing” working group with the proposal which is inserted with the minutes of this meeting.

Other Business / Discussions

None.

Meeting Adjournment

The meeting was adjourned at 17:05 UTC.

Dated April 4, 2019

Secretary of the meeting: _____ Sebastian Strollo

EEF Sponsorship

Voted April 4th 2019

External Communication Guideline

We need some details for how to handle this but ultimately it's easy:

- The tiers as described in the table below
- Sponsors paying until June 30th 2019 will be “Founding Sponsors” and get better logo exposure
- Sponsors will get their logo on the website and possibly other communication for one year after they paid

Sponsorship Tiers

Revenue or expense whichever larger	Yearly minimal sponsorship dues for logo exposure
< \$1,000,000	\$2,000
\$1,000,000 ... \$5,000,000	\$5,000
> \$5,000,000	\$10,000

Details

Companies and individuals can get exposure as sponsors on the website and other publications of the foundation. To get this sponsorship exposure for a year they need to donate a certain minimal amount depending on the size of the company.

We will start with a single sponsoring tier keeping open for the introduction of higher tiers later on.

Sponsorship Benefits

Currently there are two levels of sponsorship. Founding sponsor and later sponsors. All sponsors who pay the minimum yearly dues can get their logo or name shown on the website and similar publications. Each logo will have the same size. Founding sponsors shall be listed before later sponsors.

Logos will only be shown for one year after the sponsorship dues have been paid.

Note: this is not to be confused with the actual founders. They should be named in a section about the history of the foundation. Only paying sponsors get logo exposure.

The order of logos on the websites and other publications will be in the order of first sponsorship date. For founding sponsors who previously funded IEUG the date of first joining IEUG will determine the order. In case of the same date, the order will be the alphabetical company name. If continuous sponsorship is no longer paid a former logo place is lost.

Logos and names can be displayed in other communication if the board such decides. Same tiers and ordering as on the website.

Founding sponsorship

Starting at the time of the board decision for the initial sponsoring levels there will be a time frame until the end of the third full calendar month. Companies who pay their yearly sponsorship dues until then will get a special founding sponsor tier.

Founding sponsors will get preferential exposure by having their logos in a separately shown section in front of all other sponsors. As long as founding sponsors will be paying their yearly dues continuously they will keep this special exposure.

Founding sponsor exposure (logo positioning and size) will always be the same as the highest paid sponsorship tier if such tiers will be introduced or until the board decides otherwise.

Working group name

Marketing

Mission Statement

To expand awareness of Erlang Ecosystem and participation in its community. To promote the Erlang Ecosystem Foundation and its activities, and to increase engagement in the foundation.

Main Objectives

- Support learning and social opportunities within the Erlang Ecosystem community
- Gain a wider audience for Erlang Ecosystem-related technologies
- Attract new members and sponsors to the EEF

Benefits to the community

- The BEAM community will benefit from a coordinated marketing effort of the EEF's activities.
- Companies and organizations choosing technologies to adopt will be more likely to choose a BEAM technology if there is a comprehensive marketing strategy.
- Fostering excitement further encourages community growth

Short term deliverables

- Increase membership in and sponsorship of the EEF
- Create a brand identity, web presence, and communications infrastructure
- Raise awareness of the EEF and its activities within the Erlang/Elixir communities

Long term deliverables

- Expand Erlang Ecosystem adoption
- Research health of Erlang Ecosystem
- Promote EEF and its activities, including other Working Groups

Why does this group require the Foundation

The Erlang Ecosystem community needs a coordinated effort to promote its activities, both internally and externally. Additionally, with a Working Group dedicated to raising the profile of itself and its other Working Groups, the EEF will see increased engagement and be better able to attract sponsors and members. We can also provide valuable feedback to the Foundation on the state of the community via outreach. Support from the Foundation will enable these activities.
