Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors
Meeting #4, April 18, 2019

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom) beginning at 16:00 UTC

Attendance

The following members of the board of directors were present (7/11): Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Frédéric Trottier-Hébert, Miriam Pena Villanueva, Peer Stritzinger, Sebastian Strollo, and Alistair Woodman.

Desmond Bowe (marketing working group) was also present.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of board meeting #3 held on April 4, 2019.

2. Alistair presented progress on the budget proposal for IRS filing. There was some discussion around programs (activities) that we plan to do: Will we charge for something (e.g. running a program at a loss, but recover some costs in the form of fees) which was the proposed idea in the current version of the budget. Consensus that this was a good idea.

3. Membership management software. Peer presented shortly what he had found so far. We need to decide on something soon, the marketing group needs to be involved. Maxim, Desmond and Benoit joined Peer, Sebastian, and Alistair to come up with a proposal.

Whether to adopt GDPR for all geographies (not just where it is legally mandated) was briefly discussed. Consensus was that it seems easiest to just adopt it for all members, regardless of where they are located.

Other Business / Discussions

- Alistair explained that we need to be aware of OFAC (Office of Foreign Assets Control, part of the US Department of the Treasury) when it comes to the foundation sponsoring (sending money to) individuals / organizations on the SDN (Specially Designated Nationals) list that US Department of the Treasury publishes. No formal action needed now, but something we need to be aware of and maybe take formal decisions on further down the line. For example we will probably need to develop a questionnaire that recipients of grants need to fill in etc.
- Fred raised the question of how other working groups are progressing and whether to / how to open up the process so that more groups can form. What do we need to do to finalize the document on the process to form working groups (and publish it on the website)? (For example, certain details, like emails etc are still missing). Discussion to continue on the mailing list.
- Fellows: Francesco brought up the need for a fellows working group. Fred, Peer, and Francesco will start the process of putting together a proposal for such a working group.

- Indexed membership fee based on country of residence: no progress since last meeting. Francesco, José, and Alistair to keep working on it / send out over the mailing list.
- If anyone needs invoice or account details to send money for sponsorship contact Sebastian directly: sstrollo@cisco.com
- Discussion around invoicing companies with logos on the website. Suggested that we send out invoices to all of them. Benoit needed more information to go with the invoice (action item for Benoit to figure out exactly what).
