

EEF Meeting Minutes, Thursday May 2, 2019

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #5, May 2, 2019

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom) beginning at 16:00 UTC

Attendance

The following members of the board of directors were present (11/11): Richard Carlsson, Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Frédéric Trottier-Hébert, Kenneth Lundin, Miriam Pena Villanueva, Peer Stritzinger, Sebastian Strollo, José Valim, and Alistair Woodman.

Desmond Bowe (marketing working group) was also present.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of board meeting #4 held on April 18, 2019.

2. There were no intermediate actions or activities to report.
3. Treasury update. Sebastian shared financial status. Three invoices has been sent out so far. Sebastian went through the list of current sponsors on the website to get the sponsorship tier and wether we can invoice them immediately. Plan is to send out invoices to everyone that can accept them asap.
4. Fred presented progress on the Grant Proposal Process document. The goal is to make a decision to adopt it by next board meeting. Please read through and comment!
5. Update on membership management software from Peer. A meeting was held on Thursday April 25, the group has started to evaluate Wild Apricot. Peer has created a trial account and is going through the features (membership signup, register, website generation, invoice generation for sponsors, etc). The group will meet again next Thursday.

6. Update on the tax exempt application process from Alistair. The Foundation Group will write up our application, but for the purpose of this filing they need input on two matters: what type of “events” we will have (that matches the budget proposal) and for us to have a “OFAC Compliance Policy”. There were no objections to the two documents that Alistairs presented for this purpose.

Any Other Business

1. Next meeting: in two weeks the Code BEAM Stockholm will take place, we can not have a meeting on our usual time. Francesco requested that we change the day of the meeting anyway and proposed Wednesdays. Alistair will send out a poll to decide on a new day.
2. Let's try and get the membership enrollment ready and website updated in time for the Code BEAM Stockholm announcement. Maxim can edit the website. Next Thursday same time we will devote a (non-board) meeting to getting this in shape.
3. Francesco brought up the question if we are ready to approach more companies to ask for sponsorship money. A proposal to form a Sponsorship working group to deal with this was made, volunteers: Alistair, Benoit, Francesco, and Sebastian. Try to get a working group proposal sent out and voted on using written consensus asap.
4. Mail aliases. Maxim can update mail aliases. It is possible to forward incoming email to an alias to an external email address, but in order to send from that email you need a gmail account. Current aliases in place: eef@erlef.org -> maximfca@gmail.com, treasurer@erlef.org -> sstrollo@cisco.com
5. Francesco presented the progress he and Benoit has made on coming up with an indexed membership fee for the supporting member status. The current thinking is to have a smaller minimum level for everyone and solicit suggested donations of everyone “if they can afford it”. Please comment on the document that Francesco sent out.

Meeting Adjournment

The meeting was adjourned at 17:10 UTC.

Dated May 2, 2019

Secretary of the meeting: _____ Sebastian
Strollo
