Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #10, July 25, 2019

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom) beginning at 16:00 UTC

---

## Attendance

The following members of the board of directors were present (8/11): Benoît Chesneau, Maxim Fedorov, Miriam Pena Villanueva, Frédéric Trottier-Hébert, Peer Stritzinger, Sebastian Strollo, José Valim, and Alistair Woodman.

Desmond Bowe (marketing working group) was also present.

## Agenda Items

1. Vote of the minutes of the previous meeting.

*RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #9 held on July 11, 2019.*

2. Intermediate actions:

1. The OW2 membership application was signed and sent to OW2.  
Announcements will be coordinated with marketing group and OW2.

3. Treasury update: not much to report, we have around 30 thousand dollars in our bank account.

4. Sponsorship Update: we went through the spreadsheet with the list of current sponsors to see who will make the cut for “founding sponsors”. Most of the sponsors on the list qualifies as having a “firm commitment” at this time. Some follow up needed (assigned in the meeting), and some just need to be invoiced (Sebastian).

5. Membership tier proposal: Having a “radio button list” of different levels, with one level selected as the default is not possible with Wild Apricot. An input field with a voluntary amount is not possible to make a recurring fee. Peer and Maxim will investigate what is possible with Wild Apricot and make proposals based on that.

6. Any other questions:

1. Desmond presented a grant request to conduct a series of Elixir trainings. The board forwarded this request to the “Education, Training & Adoption” working group.
2. There was a brief discussion about process when it comes to grants. In general it would be preferred if working groups can handle requests for grants directly (i.e. the board should not get involved in every decision regarding grants). Either within a working group budget, or if it exceeds budget, after requesting (with a motivation) more funds from the board. We need to work out and document a process. Miriam will look into this.
