Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #11, August 8, 2019

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom) beginning at 16:00 UTC

Attendance

The following members of the board of directors were present (9/11): Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Miriam Pena Villanueva, Frédéric Trottier-Hébert, Peer Stritzinger, Sebastian Strollo, José Valim, and Alistair Woodman.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #11 held on August 8, 2019.

2. Intermediate actions:

1. The OW2 will make an announcement regarding us joining in mid August. We will include this information in the September newsletter.
3. Treasury update: not much to report, we have around 33 thousand dollars in our bank account.
4. Sponsorship Update: Of the list of founding sponsors the only outstanding question marks are Simpli.Fi and Klarna.
5. A discussion around “communication infrastructure”, and the questions: “How do we communicate with the board, the working groups and in between each other?”. No resolutions from the discussion, the outcome was that Alistair and Benoit volunteered to pursue the issue. Maxim could help with implementation (but is busy), and Peer was also interested. Other suggestions: make sure to ping Desmond, try to get help from the community. Notes from the discussion:
 - Maxim suggested we start with a list of roles and add aliases for these, e.g. webmaster, working group chairs

- Could we perhaps sign up for Google tools on a monthly basis (can we pay for just the administrator, not all members). But more importantly: do we actually want to use Google?
 - Some members of the board were of the opinion that the charter for the communication infrastructure task lays with the marketing and communication working group, does the working group agree? Would the marketing working group rather that this was handled by someone else?
6. Update on the non-profit application status: The Foundation Group is in the process of "document writing" (i.e. they have all the info they need from us), no date when they will be ready, but as soon as they are we will send the application to IRS.
7. Any other business:
1. Documentation group is working on grant process document, please review asap and send comments to Miriam. Next step is to publish and present at Elixir conference.
 2. Peer will keynote at Erlang workshop in one and a half weeks, looking for material and message to academia.
 3. Regarding membership: Currently only around 20% members are paying (lifetime 4, 8, annual 48, total 211). We should start a discussion on how to convert members to paying members at the next meeting.
 4. Meeting cadence: could we have less meetings and more discussion in between - falls back to infrastructure. Seems we need to keep biweekly for now.
 5. Francesco asked if we can take over trapexit.org, Maxim volunteered to help out. Check with Bryan.

Meeting Adjournment

The meeting was adjourned at 17:01 UTC.
