Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors
Meeting #17, October 31, 2019

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom) beginning at 16:00 UTC

Attendance

The following members of the board of directors were present (9/11): Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Kenneth Lundin, Miriam Pena Villanueva, Frédéric Trottier-Hébert, Sebastian Strollo, José Valim, Alistair Woodman.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #16 held on October 17, 2019.

2. Intermediate actions: None.

3. Treasury update: about \$90k in the bank (a total of \$132k sponsorship invoiced). Since last time we have received funds from PepsiCo, and check from Dockyard has been deposited.

4. The Infrastructure Working group proposal was presented by Benoît and unanimously approved.

RESOLVED, that the Erlang Ecosystem Foundation approve the establishment of the "Infrastructure" working group with the proposal which is inserted with the minutes of this meeting.

5. Alistair presented and walked through the IRS 1023 (our application for non-profit status). Everyone, please review the description of our activities. Alistair will continue to discuss with the Foundation Group.
6. Short discussion around board meeting cadence, it was proposed to have longer time between meetings (so that we have time to "actually do things" between the

meetings). Conclusion was to keep cadence as is (every two weeks), we need to improve our way of working before we can have longer between meetings.

7. Budget discussion. Proposed to have all working groups propose a budget for Q4 '19 (to be presented to the board of directors in two weeks), and for 2020 (to be presented to the board of directors in four weeks).
8. Alistair declared the meeting adjourned at 17:06 UTC.

Dated October 31, 2019

Erlang Ecosystem Foundation – Working Group Proposal

Working Group Name

Infrastructure Work Group

Mission Statement

The Erlang Ecosystem Foundation Infrastructure Working Group (Infra-WG) exists to provide technical support and services to the BEAM community.

Benefits to the community

Any WG approved by the Board is automatically eligible for services.

The Infra-WG will offer all services to all WG, but subject to resource constraints and other potential availability restrictions. Final say in what services can be provided rests with the Board. New services may be added at the discretion of the Board.

Short term deliverables

- Provide communication infrastructure to all Working Groups including but not limited to mailing-lists, mail addresses and group chat.
- Centralised file storage

Long term deliverables

- DNS
- Server and applications hosting
- SSL certificates

Why does this group require the Foundation

The Infra-WG provides services to approved Erlang Ecosystem Foundation Working Groups (WGs), Erlang community groups, and organizations recognized by the Board of Directors (Board) as being critical to the success of the mission of the Erlang Ecosystem Foundation.
