

EEF Meeting Minutes, Thursday November 28, 2019

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors
Meeting #19, November 28, 2019

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom) beginning at 16:00 UTC

Attendance

The following members of the board of directors were present (11/11): Richard Carlsson, Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Kenneth Lundin, Miriam Pena Villanueva, Frédéric Trottier-Hébert, Peer Stritzinger, Sebastian Strollo, José Valim, Alistair Woodman.

In addition to the board of directors, Tristan Sloughter (chairperson for the Building and Packaging, as well as the Observability working groups) was present.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #18 held on November 14, 2019.

2. Intermediate actions: None.

3. Treasury update: Since last meeting we have received payments from Aeternity Crypto Foundation, Klarna, and Simplifi. We have approximately \$120k in the bank, and are waiting for another \$32k from BREX, Ericsson, NextRoll, and TI Tokyo.

4. Working Group Budget Discussion

Marketing	Presented by Miriam: Estimate around \$20k + another \$20k for hiring a marketing person.
Building and Packaging	Presented by Tristan, has not yet had a chance to discuss with the whole working group, but have ideas to run projects funded by EEF (no formal proposal yet). Such a project may run around \$20k.
Security	Presented by Maxim. The working group has not had discussions yet. May need some infrastructure money (for security tests, performance tests, hex hosting etc) less than \$5k

Observability	Presented by Tristan. The Observability WG does not have a need for a budget for the foreseeable future.
Education	Presented by Miriam. Approximately \$40k, the WG have discussed a number of projects (e.g. training material in Spanish, improve looks of training material, Erlang and Elixir material, relationship with Universities) - will return with numbers per project when finalized. Stipends are not included in budget.
Documentation	Presented by José. \$26k in total. (\$6k for design costs in documentation efforts, \$10k for adopting EEP 48 in Edoc, \$10k for adopting EEP 48 in OTP XML generator)
Embedded Systems	Presented by Peer. \$30k in total. Breakdown: \$10k design embedded website to attract embedded developers, \$20k misc projects (e.g. improve startup time, improve Windows support)
IT Infrastructure	Presented by Benoit. \$10k total for next 6 months (projects: mailbox for all active members, groups, webserver hosting, storage etc). Note: does not include Wild Apricot subscription.

Working groups that did not present a budget: Sponsorship, and Fellowship.

In addition Francesco estimated around \$15k for design and hosting of the erlang-central site.

We did not include a number for technical grants.

There was also a discussion again about whether to include budget for hiring an administrative assistant (currently the biggest need seems to be in the marketing WG).

Alistair will put together a summary, but in general the requests pretty much matches our sponsorship income.

5. Alistair declared the meeting adjourned at 17:00 UTC.

Dated November 28, 2019

Secretary of the meeting: _____ Sebastian Strollo
