

EEF Meeting Minutes, Thursday April 30, 2020

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors
Meeting #28, April 30, 2020

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom) beginning at 16:00 UTC.

Attendance

The following members of the board of directors were present (9/11): Richard Carlsson, Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Frédéric Trottier-Hébert, Miriam Pena Villanueva, Peer Stritzinger, Sebastian Strollo, and Alistair Woodman.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #27 held on April 16, 2020. Unanimously approved..

2. Intermediate actions: none
3. Treasury update: \$166K in the bank. No new sponsors.
4. Board officer election: Peer and Fred reported the results from the secret ballot vote: 10 recorded votes in favor of electing Alistair Woodman president. 10 recorded votes in favor of electing Sebastian Strollo treasurer.

RESOLVED, that the Erlang Ecosystem Foundation appoint Alistair Woodman president and Sebastian Strollo treasurer.

5. Report from Fred: Tristan has completed the work on relx 4.0, which also includes a new release of rebar3. Tristan had applied for a stipend to sponsor this work, but withdrew the application as his time was sponsored by his employer.
6. Benoit presented the updated document describing the working group reporting process that he and Fred have been working on. The document is by its nature formal (it is trying to formally describe the process). in the ensuing discussion several members was of the opinion that the document was too complicated. But in general there was agreement that reporting from the working groups at regular

intervals is a good thing, and that keeping the burden of doing these reports as low as possible is very important. The suggested solution is to make it easy by having a “crib sheet” (a “lathund” in Swedish), a short version of how to submit a report.

Benoit and Fred will keep working on this. Other outstanding questions:

- Benoit requested support from the infrastructure group for an agenda / calendar tool (e.g. the Apache foundation uses a tool called Whimsy, see <https://whimsy.apache.org/> and <https://whimsical.apache.org/>)
- How to handle private information reported to the board

7. Any other business:

1. Francesco let us know that there will be a Virtual Code BEAM event on the same days as Code BEAM Sthlm would have been: May 28-29 (it will mostly be held in European time zones). Foundation invited to make presentation (could be recorded in advance). The Foundation could also have a “sponsor room” (would have to be manned by the European part of the board given the time zones). Some universities have asked for student sponsorship (will go through the education working group).

8. Alistair declared the meeting adjourned at 16:57 UTC.

Dated April 30, 2020

Secretary of the meeting: _____ Sebastian Strollo
