Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #30, June 11, 2020

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:05 UTC.

Attendance

The following members of the board of directors were present (7/11): Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Frédéric Trottier-Hébert, Kenneth Lundin, Miriam Pena Villanueva, and Alistair Woodman.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #29 held on May 14, 2020. Unanimously approved with the note that: the attendance needs to be fixed. Kenneth Lundin was present, Benoît Chesneau was not.

2. Intermediate actions:

1. We received the approval of the 501(c)(3) submission from the IRS. Members based in the US can now claim the donation as a tax deductible donation on their tax returns. An email informing them will be sent out.
2. Tax season: 5 weeks left to file tax report, we can file for extension.
3. Treasury and membership update: No substantial updates. There was an uptick in membership after the Code BEAM Virtual conference.
4. Keynote at the Elixir Conf V. (Francesco) ElixirConf EU V: 300 registered delegates, keynote can be given to a working group, e.g. Interoperability Working Group. Mariano Guerra, Robert Virding, Kenneth Lundin and Jose Valim, who form the workgroup, to discuss internally.
5. Next Round of Fellows. (Francesco). Nominations: Jane Walerud, Björn Gustavsson, Eric Meadows-Jonson and Norberto Ortigoza. Next step: there must

be a vote and $\frac{2}{3}$ (66.6%) of active members must vote 'yes'. The Fellows Working Group will provide a motivation on why these candidates were chosen.

6. Adopting orphaned git projects to erlef (Kenneth). Two suggestions:
 1. Unmaintained but useful project:
 - Concerns raised (Benoit, Maxim, Fred) about unmaintained projects
 - Fred: if the project is unmaintained, it has to be clearly stated ('put zombies in the attic')
 - What do we do with defunct projects/repos in EEF repository?
 2. Neutral space for collaboration between companies (avoid separate CLA)
 - Accepted - with examples e.g. "rebar" moved to Erlang repository
 - Kenneth suggested some projects could even be moved from erlang.org

Board warmly welcomed Kenneth's suggestion.

7. Any other business:
 1. Alistair highlighted that we are also due for an ANNUAL MEETING (according to by-laws) and Fred pointed out that it may be possible to have one via Zoom.
 2. We have not yet notified working groups about the report template that Benoit and Fred produced.
8. Alistair declared the meeting adjourned at 17:05 UTC.
