

EEF Meeting Minutes, Thursday Aug 6, 2020

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #34, Aug 6, 2020

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:05 UTC.

Attendance

The following members of the board of directors were present (8/11): Richard Carlsson, Francesco Cesarini, Maxim Fedorov, Peer Stritzinger, Sebastian Strollo, Frédéric Trottier-Hébert, Miriam Pena Villanueva, and Alistair Woodman.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #33 held on July 23, 2020. Unanimously approved.

2. Intermediate actions: none
3. Treasury and membership update: \$170k in the bank. Sebastian will start reporting expenses per wg next week. Annual Supporting members: 96, Lifetime Supporting members: 9, Basic members: 447.
4. Google Summer of Code: no update.
5. Maxim proposed that we approve Tristan Sloughers stipend proposal for \$10K to support further development of rebar and relx (work that has now been completed) from December 29, 2019.

RESOLVED, that the Erlang Ecosystem Foundation approve giving Tristan Slougher a \$10K stipend for the rebar and relx work that he has done. Vote count: Abstain: 1 (Fred), Against: 0, For: 7.

6. Update on fellowship vote: there are currently 117 members that are eligible to vote and according to our bylaws we need two thirds (of the members eligible to vote) approval of a fellow in order to pass (i.e. currently 78 votes). As of today we have only had 70 members in total cast their vote (the candidate with the highest

approval has 68 votes, and the lowest has 44). As it stands none of the candidates have been approved.

A long discussion about the process to elect fellows of the foundation followed, including proposing changes to the bylaws at the annual general meeting (no final proposal was discussed, but included changing it to for example 2/3 of the members that actually voted (would have been 47 in this case), or 1/2 of the eligible members (59 in this case). There was also a discussion around the nominees and whether or not all of them were voted in as fellows should be seen as just part of the process (compare sports / music “hall of fame”, some do not get inducted on their first nomination) or if it should be seen as failure of the nomination process.

Francesco proposed that we close the vote for this round, declaring none of the proposed fellows inducted, and work towards changing the bylaws in the future.

RESOLVED, that the Erlang Ecosystem Foundation close the current voting round on inducting new fellows and declare that none of the nominated fellows were elected fellow. And further that we work towards changing the fellows voting rules in the bylaws. Vote count: Abstain: 2 (Maxim, Alistair), Against: 0, For: 6.

7. Code BEAM STO (virtual) update from Francesco: suggested that we use a 20 min slot to present updates from EEF (feedback from last presentation was not stellar, Francesco will forward the feedback). Also that we participate in “ask me anything” sessions.
8. Discussion of EEF Website / Content Output Challenge. Alistair presented, as basis for discussion, an outline of what we think we could use hired help with for the foundation website etc. The discussion was tabled due to shortage of time, will be continued next meeting.
9. Alistair declared the meeting adjourned at 17:07 UTC.

Dated Aug 6, 2020

Secretary of the meeting: _____ Sebastian Strollo
