

# EEF Meeting Minutes, Thursday Aug 20, 2020

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #35, Aug 20, 2020

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:07 UTC.

---

## Attendance

The following members of the board of directors were present (8/11): Francesco Cesarini, Maxim Fedorov, Kenneth Lundin, Peer Stritzinger, Sebastian Strollo, José Valim, Miriam Pena Villanueva (joined at 16:55), and Alistair Woodman.

---

## Agenda Items

1. Vote of the minutes of the previous meeting.

*RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #34 held on Aug 6, 2020. Unanimously approved.*

2. Intermediate actions: none
3. Treasury and membership update: \$170k in the bank. Sebastian reported spending numbers year to date (attached). It breaks down as: \$1000 for educational stipend (for students to attend conference), \$3057.63 for infrastructure (Wild Apricot, QuickBooks, FastMail etc) \$2267.64 for board insurance, \$139.49 marketing (mostly stickers). The big item that isn't yet included is the \$10000 stipend that we have approved for Tristan.  
Membership: Annual Supporting members: 96, Lifetime Supporting members: 9, Basic members: 454.
4. Google Summer of Code: José mentioned that it is ongoing, last evaluation went without a hitch.
5. Kenneth presented an offer to help with deciding what to require for source code that in the future could be owned by the foundation. For example requiring a "Developer Certificate of Origin" (DCO) when accepting code (this is was e.g. adopted by Erlang/OTP back in 2017). Kenneth will dig further and present findings in a future board meeting.

6. Discussion around proposal to change the bylaws with respect to how fellows are voted in (continuation from last meeting). Francesco presented feedback from the fellows working group: it was felt that the vote was unclear, voting results indicate Erlang/Elixir and geographical rifts, not enough marketing around the vote, since the nominees are made by the working group (after careful consideration) it is felt that the purpose is to get the nominees voted in (weeding out and curated selection has already been done by the wg), no nominations has been received from members, diversity is a goal. As a working hypothesis the working group would like to see a proposal to change the bylaws such that the working group simply selects fellows (but give the opportunity for the board to veto, as a check). There was a discussion around this topic and the merits of the different ways of doing things (compare for example to how Baseball or Rock'n'Roll hall of fame does things). New bylaws proposal is being worked on.
7. Short on time, Alistair checked in with everyone whether we generally agree that we should spend money on someone working on marketing and EEF website. He will keep working on proposal.
8. AGM planning: Alistair and Sebastian is talking to Code BEAM conference regarding logistics.
9. Alistair declared the meeting adjourned at 17:07 UTC.

Dated Aug 20, 2020

Secretary of the meeting: \_\_\_\_\_ Sebastian Strollo
