

EEF Meeting Minutes, Thursday Sep 17, 2020

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #37, Sep 17, 2020

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:02 UTC.

Attendance

The following members of the board of directors were present (10/11): Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Frédéric Trottier-Hébert, Kenneth Lundin, Peer Stritzinger, Sebastian Strollo, José Valim, Miriam Pena Villanueva, and Alistair Woodman.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #36 held on Sep 3 20, 2020. Unanimously approved.

2. Intermediate actions: none.
3. No treasury update (no significant change since last time). Peer presented the membership numbers: Annual Supporting members: 95 (-1), Lifetime Supporting members: 10 (+1), Basic members: 472 (+8 since last meeting). A few annual supporting members have been demoted to basic due to lack of payment (and response).
4. Progress report from the vote count from the Annual General Meeting: Of 120 Members eligible to vote we only have 38 responses so far. Voting will be open another week, Peer and Fred will send out reminder.
5. Francesco solicited feedback on how the “ask me anything” session that EEF hosted at Code BEAM went. Mostly talked to one person, but good feedback from him. Next virtual Code BEAM event will be in March (will mainly be focused on Americas friendly timezone).

6. Wrap up from the Annual General Meeting, feedback round from the board: Fred commented on that it isn't clear what we are voting on (approving the financial report and yearly report). Benoit would like to see more interaction from members. José: "what does ratify mean", i.e. what are we asking from the members. Maybe we should explain the process a bit for members who are not used to a membership organization. Fred pointed out that we make it a bit hard on ourselves by requiring quorum using *all* the members (instead of the members who "show up" at the in person AGM). Feedback from Japan: appreciation that we included a slot that worked for both.

We will have to work on getting better at doing it, it will probably stay virtual for at least another year.

7. Update from the Fellowship Working Group: José presented the fellowship working group conclusions. The WG propose that we remove the concept of fellows (as lifetime voting members), as it seems the recognition of the work is what we are actually after (to handle existing fellows, we can give them voting rights by converting them to lifetime members).

The proposal sparked a discussion around whether we technically would need to remove the fellows from the bylaws (i.e. could we refocus and recognize significant contributions to the community without changing bylaws). The argument to remove the fellows was that it "simplifies things" (e.g. avoiding the question "why are not we nominating fellows", or feeling of "why am I given this award instead of being nominated a fellow").

Next step would be that the WG present a formal proposal.

8. Alistair declared the meeting adjourned at 17:03 UTC.

Dated Sep 17, 2020

Secretary of the meeting: _____ Sebastian Strollo
