Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #38, Oct 1, 2020

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:03 UTC.

Attendance

The following members of the board of directors were present (11/11): Richard Carlsson, Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Frédéric Trottier-Hébert, Kenneth Lundin, Peer Stritzinger, Sebastian Strollo, José Valim, Miriam Pena Villanueva, and Alistair Woodman.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #37 held on Sep 17, 2020. Unanimously approved.

2. Intermediate actions: Alistair is working with the active members in the marketing working group (currently Bryan and Matt) to come up with a proposal for hiring help for marketing / communication related tasks.
3. Treasury update: Between August 1 and October 1 we brought in \$3375 in membership fees and spent \$1700 on two education stipends, \$10000 on a project stipend and roughly \$200 on misc. We have approximately \$165,000 in the bank. Membership update: Annual Supporting members: 96 (+1), Lifetime Supporting members: 10 (unchanged), Basic members: 477 (+5 since last meeting).
4. Vote count from the Annual General Meeting: Peer presented the tally: of the 119 members eligible to vote 64 members have voted. 63 in favor of ratifying the Chair's Report and the Financial Report and 1 against. This concludes the voting from the AGM. (See attachment 1 for details).
5. Board working process was discussed. Everyone in favor of having discussions "asynchronously" i.e. in between meetings and try to keep meetings for votes on prepared proposals (and discussions only as a last resort). Direction of the board

should be to move to a more distributed working model, where work is being done in working groups and oversight and decisions that is needed at board level taken there. Voting on proposals should only be done if the proposal has been sent out in good time before the meeting and is on the agenda. Sebastian added a deadline for the meeting minutes: no later than Monday after a board meeting. Alistair added a deadline for sending out the agenda: before Monday the week of the board meeting.

6. Sponsorship Drive 2020. The board is in favor of approaching the sponsors to see if they are willing (and able) to continue to sponsor EEF. Francesco will summon the sponsorship working group to spring into action.
7. Spending money / budgeting - discussion sparked from a slack exchange where sponsoring projects was discussed. It became clear that we need a budget for next year, this would make it easier to take decisions about what to spend money on. Alistair to initiate budget work.
8. Working group reporting: the process for working group reporting that Fred and Benoit has put forward should be put into place. There are two aspects of this: one that we make it easy and possible to do so, and the other that we start going after working group chairs to actually report (Alistair will start to do this).
9. Kenneth mentioned that erlang.org (which is run by Ericsson) is discussing moving their mailing lists to a forum instead. Would the EEF be willing to sponsor this? (No decision taken) Could it be interesting to join forces with Elixir Forum (José to ask around). There are pros and cons with every communication mechanism, José mentioned that the forums require quite a lot of hands on moderation to weed out spam and breaches of code of conduct. (A lot of programming language forums use discourse.org based forums).
10. Francesco reported that the Fellowship Working Group will move ahead and try to put together a formal proposal, using the “asynchronous” process (discussed above) to solicit opinions and alternatives before a proposal that can be voted on by the board is put forward.
11. Alistair declared the meeting adjourned at 17:01 UTC.
