Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #38 held on Oct 1, 2020. Unanimously approved.

2. Intermediate Actions: Our tax exempt status has been approved in California. The foundation is now recognized as a non-profit at all relevant levels of government.
3. Treasury update: skipped since the treasurer (Sebastian Trollo) was absent from the meeting
4. Membership update: Little movement, but we finally went over 600 members of all categories.
5. Marcom proposal and engagement: A discussion was held with regards to contracting out to handle broader ecosystem marketing for the marketing working group. Questions were raised in comparing the approach to hiring someone, the tasks required for administrative duties, business development, lack of goals in the proposal as it was previously presented to the board, and so on. The objective discussed would be to hire them specifically for some specific types of marketing (broader ecosystem-wise communications) while concerns such as business development and administrative

tasks will be left to cover over time. The Marketing Working group asked to be given authority to negotiate and rework a potential contract to submit to the board for approval at a later date.

RESOLVED, that the marketing working group is empowered to negotiate in good faith for a 3 month trial with this party and draw up a contract with them, for a value of up to \$4000 per month, for a maximum risk of \$12k until an opt-out close, for final board approval. Unanimously approved.

6. Short term contract for the infrastructure working group: Bryan Paxton, who has done most of the work for the infrastructure work when it comes to programming and setting things up for the working group, is looking for a short term full-time contract situation to push some projects through as his schedule freed up. He has submitted preliminary expectations for monthly costs of around \$5k/month for contract work.

RESOLVED, that the infrastructure working group is empowered to negotiate in good faith for a by-month basis contract with Bryan Paxton (including objectives that are expected to be met), for final board approval. Unanimously approved.

7. Benoit brought forth a proposal to record future meetings. The board agreed to move the discussion asynchronously to email.
8. Alistair declared the meeting adjourned at 17:00 UTC.
