Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors
Meeting #42, Feb 4, 2021

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:03 UTC.

Attendance

The following members of the board of directors were present (10/11): Francesco Cesarini, Benoît Chesneau, Maxim Fedorov, Frédéric Trottier-Hébert, Kenneth Lundin, Peer Stritzinger, Sebastian Strollo, José Valim, Miriam Pena Villanueva, and Alistair Woodman.

Bryan Paxton was also present

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #41 held on Feb 4, 2020. Unanimously approved.

There was a question regarding the amount that was approved for the stipend request to implement, the decision and original request (via the form) was USD 3000, but it was believed that the requestor (Thomas Depierre) was expecting the stipend to be EUR 3000. Peer is the sherpa and will follow up.

2. Intermediate actions: Alistair filed updated tax documents, Sebastian has sent out 1099-MISC and 1099-NEC to those that the foundation has paid that need to report taxes in the US.
3. No treasury update (Sebastian has been busy with tax filings). Membership numbers: Annual Supporting members: 99, Lifetime Supporting members: 11, Basic members: 537.
4. Board voting season is coming up. Cohort B to be re-elected in 2021 (and subsequently every three years) currently consists of: Peer Stritzinger, Maxim Fedorov, Benoît Chesneau, and Miriam Pena. Fred suggested a schedule (based on last years election): February 26: Elections announced, people can submit their

candidacy; March 11: Last day to submit your candidacy (close on 12th); March 19: Votes are open; March 26: Votes are closed. Francesco proposed to adjust the schedule so that candidates can present themselves at the Code BEAM conference. No decision regarding schedule, Fred will initiate discussion offline.

RESOLVED, that the EEF designate Fred as elections officer to drive the board election process. Unanimously approved.

5. Approval of the marketing contract with Nayra Coop, Argentina. Start date 2/22. (The budget was already approved. The contract was reviewed at Marketing WG on Feb 3 attended by Benoit, Bryan, Oliver and Alistair)

RESOLVED, that the EEF approve the marketing contract with with Nayra Coop. Unanimously approved.

6. Quick Sponsorship Working Group Update: the sponsorship WG is putting together a presentation for the sponsors, then they will reach out to sponsors.
7. Bryan presented how to onboard the Nayra team (assigning “issues” via the website). Also started an onboarding document for the infrastructure working group.
8. Any other questions:
 1. Francesco requested volunteers from the board to work on the BoF and presentation sessions for Code BEAM V, Americas. Peer will volunteer.
 2. Benoit asked if there had been a contract signed re the ARM64 JIT work. No contract signed, but work has started and there is a general agreement. The work has not yet been communicated externally.
 3. Code BEAM Stockholm (in May) will also be virtual. It is open for submitting papers.
9. Alistair declared the meeting adjourned at 16:53 UTC.

Dated Feb 4, 2021

Secretary of the meeting: _____ Sebastian Strollo

Proposed Terms for Marketing Work

EEF Offer

- 1) We want to start with a 'just do it' approach. i.e. not spent a lot of time on analysis but get you started and then maybe after 3 months, we can jointly discuss improvements. We think the activities will fall into three rough categories:
 - a) **News:** your team would work as an amplifier, distributor of news items. Some would be dropped off by interested parties and others you would have to go looking for (like a 'local' newspaper)
 - b) **Time bounded event marketing:** for global, regional and local conferences and meetups, etc. Make sure the community knows that the events are on, and help send deadline reminders etc.
 - c) **'Biography' stories:** for either persons, projects or code libraries/projects in the community. This would be more 'in depth' and could involve video and technical write-ups etc. (the EEF has already funded a couple of software development projects)
- 2) We want a single point of billing
- 3) You would be available for the Marketing WG call held every 14 days. (probably 09:00 PT on Wednesdays, but it could move)
- 4) We would expect you to be able to provide persons with marketing as well as some technical (Erlang or Elixir) background especially for 1c). at least 2 persons (desirably more) (we are looking for institutional knowledge, redundancy and cross stimulation within your cooperatives)
- 5) We would expect you to provide at least 80 hours per month (excluding marketing WG meeting hours) Any overage above the 80 hours per month would need to be approved in writing.
- 6) We would expect to provide Hootsuite, email addresses etc to help you out.
- 7) We would work on the "beg for forgiveness rather than ask for permission" model. i.e. we expect you to know what is 'good taste' and 'appropriate content' and pro-actively push things without the WG having to be involved in heavy reviews. Clear feedback on tone and style will be provided as necessary.
- 8) We are willing to commit to a 3 month trial and then evaluate contract renewal on a rolling 30 or 60 day schedule

Nayra Coop response

- 1) They would work from Monday to Friday from 10 am to 5 pm UTC-3, except holidays. A list of Argentine holidays would be sent at the beginning of each month.
(Some flexibility would be shown and expected for reporting with Asia)
- 2) Their hour is rated at US\$ 50, but due to the starters discount, this first 3 months it will be rated at US\$ 45.

- 3) They would send one consolidated invoice between the 1st and the 5th of each month, and they would expect the payment to be made within 15 days of invoicing.
- 4) Start date would be 22nd Feb.
