

EEF Meeting Minutes, Thursday July 8, 2021

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors
Meeting #52, July 8, 2021

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:05 UTC.

Attendance

The following members of the board of directors were present (10/11): Richard Carlsson, Francesco Cesarini, Sophie DeBenedetto, Maxim Fedorov, Kenneth Lundin, Peer Stritzinger, Sebastian Strollo, Bryan Paxton, Miriam Pena Villanueva, and Alistair Woodman.

The following members of the board of directors were absent: Frédéric Trottier-Hébert

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #51 held on June 10, 2021. Unanimously approved.

2. Intermediate actions:

1. Bryan reported that Rose Burt is now the chair of the marketing working group.
2. Bryan is working on the blog-support project, not quite ready to launch yet
3. We received the first working group quarterly report, submitted by Natalia Chechina for the Embedded Working Group. (Fred will send out a reminder to all chairs to submit their reports).

3. No treasury report or membership update this time.
4. No unanimous consent vote scheduled.
5. Budget proposal from the Education Working Group (see attachment). Miriam presented the goal of being able to send 300 students to conferences. To make the

work easier to manage, the working group would like a pre-approved budget of \$7000. Proposal: Miriam, Seconded: Sophie. Abstain: Francesco. Against: 0

RESOLVED, that the Erlang Ecosystem Foundation approve the \$7000 budget proposal from the Education Working Group as presented. Vote Count: 9 for, 0 against, and 1 abstention (Francesco, due to conflict of interest).

6. Discussion around how to do Annual General Meeting (AGM for short) 2021. It was agreed that it is a good idea to co-locate with a conference or an event. Also agreed that the format from last year was good and that we will stick with that format this year. Possible events to co-locate with: ElixirConf EU (September 9-10 - suggestion: Sep 10) and SpawnFest (Sep 18-19). Alistair will coordinate w Francesco to see if ElixirConf EU would allow us a slot for the AGM.
7. Any other business: none
8. Alistair declared the meeting adjourned at 16:43 UTC.

Dated July 8, 2021

Secretary of the meeting: _____ Sebastian Strollo

EEF S&D Conference Budget Proposal July 2021

One of the biggest problems our sponsors are suffering is that there are not enough people to hire. The Education WG has designed this program to invite students, underrepresented people in tech and people who could not otherwise attend to go to conferences for free. The goal is to increase the pipeline of people with interest in the ecosystem.

Here is some statistical data of what we have done so far in the last two years.

We have *virtually sent around 326 people to 9 events around the world. 84% of them were students. 37% were male and 53% belonged to diverse backgrounds. Some of the events were Code Mesh, Code Beam, Elixir Confs... The prices for virtual tickets have varied between 2\$ to 20\$ but this is no guarantee of future prices.

	Total number	Students	non male gender (women, non binary...)	diverse backgrounds
Total	312	263	84	167
Total in %		84.29%	37.84%	53.53%
2019	1	100.00%	0.00%	100.00%
2020	150	95.33%	16.67%	37.33%
2021	175	73.71%	22.97%	68.57%

As the program matures we would like to extend to add new conferences and we would like **to ask for a budget of 7000\$** to continue our efforts. This is our intent (and can change):

- Approximately 4K for virtual tickets trying to target around 200 people at least in these conferences. Some of them we already have agreements with, some we are still in price negotiations. Here are some of them:
 - ElixirConf US
 - ElixirConf EU
 - Code Beam SF
 - Code Beam Brazil
 - Erlang Workshop
 - Others ...
- Approximately 3K for in person tickets, trying to target 10-15 tickets at least among these three conferences. (In person tickets are significantly more expensive).
 - ElixirConf US
 - ElixirConf Europe
 - Code Beam SF
 - Code Beam STO
