Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #53, August 5, 2021

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:08 UTC.

Attendance

The following members of the board of directors were present (9/11): Richard Carlsson (joined at :10), Francesco Cesarini (joined at :11), Maxim Fedorov, Peer Stritzinger, Sebastian Strollo, Frédéric Trottier-Hébert, Bryan Paxton, Miriam Pena Villanueva, and Alistair Woodman.

The following members of the board of directors were absent: Sophie DeBenedetto, Kenneth Lundin.

Agenda Items

1. Vote of the minutes of the previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #52 held on July 8, 2021. Vote count: 6 for, 1 abstain (Fred, since he was absent last meeting), 0 against.

2. Intermediate actions: none
3. No treasury report this time. Francesco suggested that the treasury report include. Membership update: Annual Supporting members: 135 (+4), Lifetime Supporting members: 14 (no change), Basic members: 743 (+23)
4. No unanimous consent vote scheduled.
5. Francesco presented idea of having a job board hosted by the EEF. The idea is coming from sponsors (some sponsors see the sponsorship as part of their recruitment process), hence a job board would help. Should a work group take up this idea? No objections, Francesco and Bryan to work on a proposal to put before the board. (Some questions to address: how to moderate, how to make the process of keeping the postings up to date easy, and how to get companies to post).

6. Maxim asked if we are okay with moving web host provider to e.g. Digital Ocean. We are currently on Vultr. The general question is: if we use US based cloud providers (like Digital Ocean) it will be hard to serve members in countries that the US imposes sanctions on (e.g. Iran). On the other hand, moving to Digital Ocean will make the work for the infrastructure group a lot easier. Also, any members in these countries will probably know how to use a VPN. Maxim motioned that we move to Digital Ocean, which was unanimously approved.
7. Fred presented the current situation regarding the quarterly reports: we have received 5 out of 12 reports submitted (Fred has poked the chairs throughout June and July). What can we do? Suggest "moderate amount of shaming" to start with (with calls to chairs from Alistair and Fred), as well as reminders and deadlines.
8. Alistair briefly presented the Marcom survey (as sent out to all board members via email) and urged everyone to take a look - it is useful information about what the community expects from the EEF. We should address what members are most concerned with and what we plan to do about it at the AGM.
9. AGM update: We will try to have the Annual General Meeting at ElixirConf EU (on Sep 9-10) with two time-slots for around the globe time zone coverage. Alistair is working on details.
10. Any other business: none
11. Alistair declared the meeting adjourned at 16:54 UTC.
