Agenda Items

1. Approval of the minutes from previous meeting was cancelled due to the fact that they had not been sent out ahead of this meeting.
2. Intermediate actions: none.
3. Membership and sponsor update: we have passed 1000 members! (Recent contributing factors to increased activity: Code BEAM USA, New erlang.org and new website launched). We have a new sponsor: Weedmaps.
4. Unanimous consent votes: none requested.
5. Alistair updated on the tax return situation, shared the current state of our IRS 990. Note that all board members are listed (by name) in the tax return.
6. Incoming stipend request for a GRiSP 2 Donation from "S M Shadman Akber Shuvo" was discussed. Peer recused himself from any vote. Suitable working group: education or embedded (depends on the details of what the applicants intentions with the project are). No objections on conflict of interest basis. Miriam was asked to sherpa and will reach out to applicant.
7. Short feedback from Code BEAM US: EEF sponsored 31 student and diversity tickets. Conference in general well received, positive comments around diversity and inclusion.

8. Bryan presented working status about the blog project: Diego has been working, first implementation ready for testing. Bryan will setup a staging environment for those who will want to test. Job boards project: does not have firm commitment from Diego yet (but if he does take it on, it won't be until he is done with the blog project). Diego has been doing well, plan is to keep him on.
9. Any other business: none
10. Alistair declared the meeting adjourned at 16:36 UTC. As next meeting will fall on the US Thanksgiving holiday, the next regular meeting will be in four weeks.
