

EEF Meeting Minutes, Thursday December 9, 2021

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors
Meeting #58, December 9, 2021

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:04 UTC.

Attendance

The following members of the board of directors were present (9/11): Richard Carlsson, Sophie DeBenedetto, Maxim Fedorov, Kenneth Lundin, Peer Stritzinger, Sebastian Strollo, Frédéric Trottier-Hébert, Miriam Pena Villanueva, and Alistair Woodman.

The following member of the board of directors was absent: Francesco Cesarini, Bryan Paxton.

Invited to the meeting was also Pablo Costas Sánchez to present the proposal of a mentorship WG, and ask about EEF interest in sponsoring smaller conferences.

Agenda Items

1. Approval of minutes from previous meetings.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #56 held on October 14, 2021. Unanimously approved.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #57 held on November 11, 2021. Unanimously approved.

2. Intermediate actions: the EEF tax returns for 2020 was filed (IRS 990EZ filed on 11/15 electronically, and CA FTB 199 filed on 11/15 by mail).
3. Finance update: approximately \$180k in the bank (staying in balance), working on redoing the accounting using lessons learned from tax filing. Sponsorship update: received payment from sponsor HappiHacking since last meeting. Membership update: Annual Supporting: 137, Lifetime Supporting: 16, Managing and Contributing: 20, Basic: 856, Total: 1038.
4. Unanimous consent votes: none requested.

5. Alistair walked the board through and explained the IRS 990 form that was filed.
6. Working Group quarterly reports, Fred. We have made it really easy to report (simply fill in form on the website) but it remains really hard to get the working group chairs to file the reports. Suggestion from Fred: since the reports is more about “liveness” check than about a way to file issues in the working group, we should consider making the reports immediately available on the website (instead of as today, go via a pull request to the board). That would change the incentive, making the benefit (attracting more members by show of activity) more obvious to the wg chairs. Any issues can instead be directly reported to the board. It would require some infrastructure work. Good proposal, and Fred will investigate what is needed to implement it.
7. Our guest, Pablo Costas Sánchez, presented the next two items:
 1. Forming of a mentorship working group. Google Summer of Code spawned a discussion on mentoring in general, there was a keen interest on slack and a proposal to form a working group has now been written. As the proposal had not been sent out ahead of time it was not formally voted on, it will be sent out and if possible voted on via unanimous consent via email.
 2. Pablo presented the idea of a small conference in Galicia (Spain) that has been discussed in the education working group. He wanted to to know if the board would be willing to approve EEF sponsorship of such an event (for example monetary, helping to organize, and marketing). In general the board was positive to sponsor small, “independent”, conferences. No formal proposal was voted on.
8. Any other business: none
9. Alistair declared the meeting adjourned at 17:04 UTC.

The next regular board meeting will be January 6, 2022 (as the meeting on December 23 was cancelled). Happy Holidays and thank you all for a really good EEF year!

Dated December 9, 2021
