Agenda Items

1. Approval of minutes from previous meetings. Clarification of section three in the minutes from meeting #64: regarding uptick in membership numbers, Sophie presented EEF at the Big Elixir conference in New Orleans - thanks!

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #64 held on March 31, 2022. Unanimously approved.

2. Intermediate actions: Alistair renewed our D&O insurance for the board of directors, tax season is coming up.
3. Financial update: Sebastian presented the p&l, and balance sheet year to date. Membership update from Peer: Membership numbers: Basic: 954 (+24), Annual Supporting: 139 (-3), Lifetime Supporting: 17 (unchanged), Managing and Contributing: 15 (-4), Board: 7. Note from Peer: even when sending a non-automated personal email to request that a member renew, many does not even answer.
4. Unanimous consent votes: none scheduled
5. Round table discussion. A general check-in with the board members.
6. Any other business:

1. Peer brought up the need for a shared document store for EEF. We decided early on to try to stay away from the G-suite, but without deciding on an alternative. Peer suggested we choose Outline (<https://getoutline.com/>) since it is open source, is possible to self-host and offers a reasonable price for its “as a service” offering. A more expensive alternative is Notion (<https://notion.so/>). Even though it was proposed to make a decision right in the meeting, the board was not able to do so. Alistair and Peer to look into what is needed and prepare a proposal.
2. Kenneth gave us a heads up that the Erlang mailing list will be permanently shut down tomorrow (due to lack of resources to moderate the list). The forum is the new place for Erlang discussions.
3. Francesco mentioned that there may be an opening for junior staff at Erlang Solutions to work on implementing the Jobs Forum (at cost). Details to come.
4. Francesco brought up the membership fee and the fact that in some regions of the world (and for some persons, e.g. students) the fee is prohibitively high. Francesco would like us to think about ways around this (e.g. have a lower fixed price with optional donation on top). Short discussion around this topic, but no proposal and no decision.
7. Alistair declared the meeting adjourned at 17:07 UTC.
