

EEF Meeting Minutes, Thursday June 9, 2022

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #67, June 9, 2022

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:07 UTC.

Attendance

The following members of the board of directors were present (9/11): Francesco Cesarini, Maxim Fedorov, Kenneth Lundin, Ben Marx, Miriam Pena Villanueva, Peer Stritzinger, Sebastian Strollo, Frédéric Trottier-Hébert, and Alistair Woodman.

The following members of the board of directors were absent: Sophie DeBenedetto, Bryan Paxton

Agenda Items

1. Approval of minutes from previous meetings.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #66 held on May 22, 2022. Unanimously approved.

2. Intermediate actions: none to report
3. Financial update: a couple of new sponsors, all have paid (but one physical check is still with Alistair) and Bryan has updated the website. Membership update: 140 annual supporting, 974 basic, 17 lifetime, 15 managing and contributing.
4. Unanimous consent votes: none scheduled
5. Conference sponsorship request from Pablo Costas Sánchez for supporting the Code BEAM Lite a Coruña (Code BEAM has only lent its name, it is a small academic conference completely organized by volunteers). Pablo had earlier mentioned that they might need \$3,000 (but not made a formal application). The revised budget showed that they would only need \$1,000.

RESOLVED, that the Erlang Ecosystem Foundation approve the request for \$1,000 to sponsor Code BEAM Lite a Coruña. Unanimously approved.

6. Evision stipend request from Cocoa to build an Elixir library to integrate with the OpenCV libraries. After some discussion it was decided that Peer would reach out to José (as he is acting as sherpa) to come and present the project at the next possible board meeting.
7. Discussion around improving the way working groups report activity, initiated by Fred. The current reporting structure isn't working, as very few working groups actually submit their reports. Our working groups are the most important way to detect "liveness" in the EEF from the outside and the goal would be that even small achievements and activities should be funneled to the marketing working group so that it can be made visible through blogs and tweets etc. One concrete idea would be to have a slackbot poking working group chairs periodically (more often than the current per quarter) and request notes from their meetings (to form the habit of sharing news).
8. Variable membership dues: Francesco presented a work-in-progress proposal to reduce the fees required for membership. The purpose would be to get more voting members, not all can afford the \$100 level we currently have. A couple of different approaches were discussed, with many strong opinions. As time ran out the question was tabled, to be brought up again in a future meeting.
9. Any other business: none.
10. Alistair declared the meeting adjourned at 17:07 UTC.

Dated June 9, 2022

Secretary of the meeting: _____ Sebastian Strollo
