

EEF Meeting Minutes, Thursday Oct 27, 2022

Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #72, October 27, 2022

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:05 UTC.

Attendance

The following members of the board of directors were present (8/11):, Francesco Cesarini, Maxim Fedorov, Kenneth Lundin, Miriam Pena Villanueva (joined at .19, during item 5.1), Frédéric Trottier-Hébert, Peer Stritzinger, Sebastian Strollo, and Alistair Woodman.

The following members of the board of directors were absent: Sophie DeBenedetto, Ben Marx, Bryan Paxton

Also present were three guests to present their stipend request: Annette Bieniusa, Stefan Wehr and Albert Schimpf.

Agenda Items

1. Approval of minutes from previous meetings.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #71 held on Sep 29, 2022. Unanimously approved.

2. Intermediate actions: federal and state tax returns were prepared by Alistair and Sebastian, and filed by Alistair (copies has been sent out to the board). Sebastian worked with Bank of America customer service to successfully unblock our ability to transfer funds (payment to our marketing team had been flagged, which locked our account).
3. Update from Sebastian: projects approved at board meetings will be better tracked and reported, Sebastian has assembled a list of all approved projects for 2021 and 2022, will make presentation of it part of financial update section at future board meetings. Membership update by Peer: Annual supporting 134 (unchanged since last meeting), Basic membership 1064 (+14), Lifetime Supporting 18 (unchanged), Managing and Contributing 15 (unchanged).

4. Unanimous consent votes: none scheduled

5. Stipend applications:

1. Application from Tanguy Losseau for \$950 for the initial step to integrate multiple Basic Linear Algebra Subprograms (BLAS) libraries as NIF:s. Instead of applying for a larger amount this application is to support getting started with this work, and asses its viability. Possibly build on work done by Dan G at the OTP team. Discussion: Maxim concerned that the long time support of such a library is much harder than the implementation of it, and that it may well end up as another unused and unsupported open source project. As the application came in the same day as the board meeting the board decided not to vote on it today. Action items: Peer will Sherpa, happy to bring it into the embedded working group. Kenneth will check with Dan.
2. Static Type Checker, from Annette Bieniusa at TU Kaiserslautern. Anette presented the project, and adressed all outstanding questions the board had. The board was generally in favor of the project, but decided to postpone the vote to next week, to give the OTP team a chance to review the project as well.

6. Any other business: none

7. Alistair declared the meeting adjourned at 17:00 UTC.

Dated October 27, 2022

Secretary of the meeting: _____ Sebastian Strollo
