## Agenda Items

1. Approval of minutes from previous meetings.

*RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #92 held on December 7, 2023. Unanimously approved by those present (7).*

2. Intermediate actions and activities:

1. We held 2 Annual General Meetings (AGM) on December 21, 2023.

3. Unanimous consent votes: none scheduled.

4. AGM report: voting is still open, but we currently have 85 approvals, enough to make it formally ok. The general feeling was that end of December is a bit of a busy time of year (but typically has to fit in between after tax filing and not clash with US Thanksgiving).

5. Treasury and Membership update: Peer reported that there has not much change in membership since last meeting. Sebastian summarized the income vs operational

cost and approved spending the past three years (the 2023 numbers are not yet final) as well as the current balance sheet:

#### Income vs approved spending

|                          | 2021      | 2022      | 2023       |
|--------------------------|-----------|-----------|------------|
| <b>Membership</b>        | \$18,558  | \$14,171  | \$14,671   |
| <b>Sponsorship</b>       | \$123,827 | \$51,277  | \$73,000   |
| <b>Stipends approved</b> | -\$78,500 | -\$72,350 | -\$112,838 |
| <b>Other expenses</b>    | -\$57,160 | -\$52,536 | -\$69,510  |
|                          |           |           |            |
|                          | \$6,725   | -\$59,438 | -\$94,677  |

#### Balance Sheet

|                            |           |
|----------------------------|-----------|
| <b>Bank balance</b>        | \$126,647 |
| <b>Invoiced sponsors</b>   | \$38,000  |
|                            |           |
| <b>Unpaid 2021</b>         | -\$27,276 |
| <b>Unpaid 2022</b>         | -\$6,348  |
| <b>Unpaid 2023</b>         | -\$67,330 |
|                            |           |
| <b>Balance as of today</b> | \$63,693  |

Meaning that in the past two years we have been approving more stipends than we are bringing in, but due to a surplus in capital we still have a healthy balance sheet. However, we do need to keep bringing in sponsors (new and renewals) to be able to sustain supporting projects at the current rate.

#### 6. Stipends:

1. Follow up: travel stipend discussed in meeting #92 (on December 7) - the education working group decided not to support the request.
2. Follow up: conference sponsorship for DevFest conference in Pakistan, discussed in meeting #91 (November 9). The conference has already happened, Miriam was in contact with them, and will let Sebastian know.

3. Proposal from Paulo Valente: "new features for elixir-grpc/grpc, mainly stabilization of the Mint client, observability and, as a stretch goal, a Bandit server implementation." for \$5,000. There was a discussion around existing working gRPC implementations, would it be better to support them if needed? Are there Elixir specifics that are needed? No vote at this point, Bryan to bring the proposal to the building and packaging working group.
  4. Proposal from Lars Wikman to "create introductory educational and entertaining (edutainment) videos covering the most meaningful aspects of the BEAM ecosystem." for a total of \$9,000 (for three videos). Sophie presented, very interesting, but a bit too high cost. Sophie to discuss with Lars to see if there is a way of cooperating on the production (using for example our marcom team) or other ways to make this fit within our budget.
7. Any other business: none
8. Alistair declared the meeting adjourned at 18:03 UTC.
