6. Upcoming board elections. This year cohort B, consisting of: Sophie DeBenedetto, Bryan Paxton, Miriam Pena, and Peer Stritzinger is up for election. We will need election officers (especially if Peer and Bryan are running). Peer will check with Fred to see if he is available (got reply during the meeting: he is not).
7. Still need help in the sponsorship wg: please come to the meeting if you are available (same time slot as board meeting but every other week), help us come up with companies. Please help setting up an EEF booth at Code BEAM America.
8. FOSDEM '24 report: well attended, fun event, free, we should have an EEF (Erlang/Elixir) table. Alistair and Peer was there. Alistair tracking the cyber resiliency act, product liability directive - mingled. will report on these subjects later.
9. Stipends:
 1. gRPC stipend request (still on hold). Bryan is still working on helping with reworking the stipend request (Kiko reported that the OTP team will not be able to work on the HTTP/2 part). Might it be possible to get contributions from community? (still requires maintenance). Bryan will also follow up with Peer, Kenneth, Kiko.
10. Any other business:
 1. Peer: "There is a lack of marketing visibility to certain subsets of the community, namely the Erlang Forum and probably also Elixir Forum". Not much activity in EEF forums, FAQ on the website is not up to date. Should we post more in the EEF forums? Something for the marketing working group?
 2. Lee Barney (Professor Of Computer Science at Brigham Young university, Idaho, teaches among other things courses in Erlang) would we support them with a Chatgpt account so that they can build a specialized EEF-gpt (would be \$20/month). Proposed Peer, seconded Maxim. Unanimously approved.
11. Alistair declared the meeting adjourned at 18:00 UTC.
