Erlang Ecosystem Foundation, Minutes of a Regular Meeting of the Board of Directors Meeting #97, April 11, 2024

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:06 UTC.

Attendance

The following members of the board of directors were present (9/11): Maxim Fedorov, Amos King, Ben Marx, Kenneth Lundin, Miriam Pena Villanueva, Bryan Paxton, Peer Stritzinger, Sebastian Strollo, and Alistair Woodman.

The following members of the board of directors were absent: Sophie DeBenedetto, Francesco Cesarini.

Also present was Kiko Fernandez-Reyes from the OTP team as an invited guest.

Agenda Items

1. Approval of minutes from previous meetings.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #96 held on March 28, 2024. Unanimously approved.

2. Intermediate actions and activities:

1. Alistair has signed us up for Directors and Officers (D&O) insurance. Reach out to Sebastian if you want to read the details of it.

3. Unanimous consent votes: none scheduled.

4. Financial update: Sebastian is working on Q1 numbers, will present next meeting. Peer presented the membership numbers: Annual Supporting: 152, Basic 1498, Lifetime Supporting: 22, Managing and Contributing: 19. There are a number supporting members who have missed renewing, Peer is reminding them in good time before the election to give the notice that they need to renew in order to be eligible to vote.

5. Upcoming elections. Update from Ben: So far only two has declared that they are running. Ben will make sure to add bios to the home page as they come in. A bit of a "glitch" is that we allow candidates to declare they are running right up until voting starts, which could make it hard to prepare the voting form in advance. Consider adding a gap for next year.
6. Gleam has made its 1.0 release - congratulations are in order! Alistair will ask the marketing team to make some noise about it.
7. Stipends:
 1. gRPC stipend request - still working out details
 2. Develop an ecto adapter for the mnesia database, from Jean Parpaillon, for \$26,250. After a bit of discussion it was decided that Bryan, Maxim, and Peer will form an informal working group to examine the proposal further.
 3. The stipend request discussed last meeting, "Add support for LSTM federated ML..." should probably go through the machine learning working group. Bryan will get in touch with José regarding the request.
8. ICANN proposal: Alistair is looking for people interested in bringing this forward, trying to come up with ideas for proposals, find parties that can do them, and write proposals. Alistair will set up a separate committee / slack channel for continued work.
9. Any other business:
 1. Maxim reminded everyone that is part of the erlef Github organization to turn on their 2-factor authentication (it will soon be made mandatory for all members of the org)
10. Alistair declared the meeting adjourned at 16:58 UTC.
