Kenneth Lundin, Miriam Pena Villanueva, Bryan Paxton, Sebastian Strollo, and Alistair Woodman.

The following members of the board of directors were absent: Sophie DeBenedetto, Amos King, Peer Stritzinger.

Also present was Kiko Fernandez-Reyes from the OTP team as an invited guest.

Agenda Items

1. Approval of minutes from previous meetings.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #97 held on April 11, 2024. Unanimously approved.

2. Intermediate actions and activities: none to report
3. Unanimous consent votes: none scheduled.
4. Financial update: none this time. Membership numbers: no report this time.
5. Ongoing board election, update from Ben: the start of voting had to be postponed (but we kept the same length period for voting, i.e. the end of voting was also postponed). Lessons learned for next year: make sure to have time between deadlines (e.g. submitting candidacy and start of vote), make sure to have people who know how to relaunch the website, know the quirks of the Wild Apricot site, (note: opening and closing the poll is done manually - so need to be run by someone who is awake at start / stop times).

6. Report from ElixirConf EU i Lisbon. Alistair and Francesco was there, the conference was well attended by a lively crowd. Alistair gave a five minute EEF pitch and encouraged people to join.
7. The European Unions Cyber Resilience Act (CRA). Various open source organizations are joining to figure out how to comply. Alistair is keeping a close eye on it, and joining calls with other open source organizations (such as the Eclipse foundation, the Python foundation, the Apache foundation etc).
8. ICANN grant proposal update. Alistair reported that had some informal discussions about ideas based on the IETF SCITT working group proposal regarding "An Architecture for Trustworthy and Transparent Digital Supply Chains".
9. Fundraising: we need to do more to reach deeper into the Elixir community (both to find new members and new sponsors). Francesco has names of companies that would possibly be interested, need volunteers to reach out - contact Francesco.
10. Stipend requests:
 1. gRPC stipend request - stalled
 2. Regarding "Add support for LSTM federated ML..." José has spoken to the ML working group - but no other updates yet.
 3. There is an open request also regarding Machine Learning (Miriam and Bryan to reach out)
11. Any other business: none
12. Alistair declared the meeting adjourned at 16:36 UTC.
