## Agenda Items

1. Approval of minutes from previous meetings (skipped as the minutes were not sent out in time)
2. Intermediate actions:
  1. Alistair filed for an extension to filing our taxes (extends the deadline from May 15 to November 15) and received acknowledgement from IRS by letter on June 3rd
3. Unanimous consent votes: none scheduled.
4. Membership report: Basic 1559, Annual Supporting 136, Lifetime Supporting 22, Managing and Contributing 14. Membership isn't growing as fast as it has been, it is starting to flatten out. Financial report: quick update from Sebastian. Also brought to the meeting: a request from Benjamin Philip to have his stipend payment made to a relative of his, since he is underage and can not have a bank account yet. Since he will be of age in a couple of months (and will get his own account), the board opted to wait until that time.

5. Election of board officers (Chairperson, Treasurer, and Secretary). No other nominees than Alistair and Sebastian.

*RESOLVED, that the board of the Erlang Ecosystem Foundation elect Alistair Woodman as Chairperson, and Sebastian Strollo as Treasurer and Secretary.*

6. Cybersecurity Policy meetings. Alistair, Francesco and Kiko met with representatives from Ericsson, at a couple of occasions since last board meeting, regarding The European Cyber Resilience Act (CRA) and other things. The board agreed that this is an area of interest for the foundation, Alistair will keep working a proposal on what to do. Suggested that the EEF joins the OpenSSF (Open Source Security Foundation), which was unanimously approved by the present board members.
7. Stipend requests: Note regarding process, we are not diligent enough regarding making sure each request gets proper attention from beginning to end (for example: assigned a sherpa, sent to a working group, brought in front of the board for a vote, replied to with decision, follow up that the work gets done, follow up to make sure stipend payout is made). Alistair will talk to marcom team to see if they could help with the administration of the requests. Suggested that we use Trello (as the sponsorship working group is) to track each request.
  1. The training program stipend request from Matthew Spire will be responded to by the education working group.
8. Any other business: none
9. Alistair declared the meeting adjourned at 16:41 UTC.
