Agenda Items

1. Approval of minutes from previous meeting.

RESOLVED, that the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #104 held on August 15, 2024. Unanimously approved.

2. Intermediate actions: none
3. Unanimous consent votes: none scheduled.
4. Financial update: around \$105k in the bank - no new projects payed (only a few added this year). Membership report: Annual Supporting: 128, Basic: 1622, Lifetime Supporting: 22, Managing and Contributing: 14.
5. Business cards: Alistair inquired about interest in EEF business cards. Rarely used, but useful in a few cases (especially when we attend or have booths conferences). Perhaps non-personal ones by default, and personal for those who have a use for them. Alistair and Paula will look into it.

6. Reports from past and upcoming events:

1. Kiko presented what happened at the Erlang Workshop at ICFP
2. Alistair has been a guest on the Thinking Elixir podcast (will be out middle of next week)
3. Linux Foundation Open Source Summit (OpenSSF) will be in Vienna this coming weekend, Alistair will attend
4. EuroBSDCon will be in Dublin September 19-22, Peer and Alistair will be there
5. NSSS (Nordic Software Security Summit) in Stockholm September 23-24. Kiko will give a talk titled "How the Erlang Ecosystem is leaning into better Cybersecurity", Alistair will attend.

7. Stipend requests

1. Dániel Horpácsi stipend request to develop a formal semantics for core Erlang: Peer has checked with the OTP team. One flaw with the project proposal is that Core Erlang will probably go away, which would make the work moot. Another idea would be to have a formal semantic for Erlang, or a subset. Proposal is still work in progress.
8. Fundraising: Alistair may look around for EU or US government grants at the conferences he will attending.
9. Any other business: none
10. Alistair declared the meeting adjourned at 16:46 UTC.
