2 Agenda Items

2.1 Approval of minutes from previous meeting

RESOLVED: That the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #112 held on Feb 27. Unanimously approved.

2.2 Intermediate actions

- We are now members of the OpenSSF.
- Alistair has requested, and received, a renewal offer for our D&O insurance.

2.3 Unanimous Consent votes

None.

2.4 Financial update

Sebastian presented the balance sheet, lowest balance ever. Noted (again) that nothing is currently happening in the sponsorship working group (i.e. no chasing of new sponsors, and no chasing of existing sponsors for renewals).

2.5 Membership update

Skipped (as Peer was traveling).

2.6 Security working group updates

The EEF CNA application has been approved. The board received updates from Jonatan and Kiko (OpenChain status among other things). Peer and Kiko reported on the OSS Review Toolkit (ORT) Community Day (which was held in conjunction with the “OpenChain and Friends” event).

Alpha & Omega grant proposal is being worked on, hopefully we can apply by the end of May.

A new project page <https://security.erlef.org/aegis/> has been added (go ahead show to potential sponsors if you have the opportunity).

2.7 Board elections 2025

- Cohort C is up for election (Ben, Kenneth & Maxim)
- Bryan and Peer were chosen as election officers.
- Suggestion that we should start an “outreach committee” that can approach members of the community to encourage them to run for board positions. Both for this and future board elections: Amos to start (Note: the outreach committee does not have to consist of current board members, past board members and other members of the community are welcome).
- Decided on dates for the election, proposed and decided that we have an extra week (even though we are a bit late already) to encourage candidates before the submission process opens. Approximate timeline:
 - Announcement: ASAP (e.g. April 11)

- Candidate submission: 2 weeks (April 25 - May 9)
- Voting 1 week (May 9 - May 16)

2.8 Process for joining other organizations

Maxim and Alistair has met and is working on a proposal, they will bring a questionnaire to next meeting.

2.9 Open Stipend requests

- The OpenTelemetry request (which had its budget approved in October '24) has been working on refining its proposal, with Bryan as Sherpa.
- GigCityElixir conference: suggested that we sponsor with \$1,000.

RESOLVED: That the Erlang Ecosystem Foundation approve the sponsorship of the GigCity Elixir conference with \$1,000. Unanimously approved.

- Sponsor the ACM SIGPLAN Erlang Workshop with \$2,000.

RESOLVED: That the Erlang Ecosystem Foundation approve the sponsorship of the ACM SIGPLAN Erlang Workshop with \$2,000. Unanimously approved (with one abstention by Kiko, since he is on the program committee).

- Sponsor an individual to attend Lambda Days 2025 in Krakow with \$2,520.

RESOLVED: That the Erlang Ecosystem Foundation reject the sponsorship for a personal stipend to attend Lambda Days 2025. Rejection unanimously approved.

2.10 Upcoming events

- Gig City Elixir (5/8-10)
- ElixirConf EU (5/15-16)
- LF OS Summit US (6/23-27)
- LF OS Summit EU (8/25-29)12)
- ElixirConf US (August 27)

2.11 Fundraising

As previously mentioned - please show up to the sponsorship working group meeting (Thursdays the week when there isn't a board meeting).

2.12 Any other business

- Amos mentioned the Resilience in Software Foundation <https://resilienceinsoftware.org/> and that we should take a look.

Alistair declared the meeting adjourned at 17:08 UTC.
