2 Agenda Items

2.1 Approval of minutes from previous meeting

RESOLVED: That the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #116 held on May 22. Unanimously approved.

2.2 Intermediate actions

- Two CVE:s were posted

- New channel in Slack, #adoption, where discussion on how to get better adoption of BEAM languages is held
- Wildapricot - we passed 2000 members and had to move up to the next tier (up to 5000 members)

2.3 Unanimous Consent votes

None.

2.4 Membership update

Peer presented the numbers: Annual Supporting: 130, Basic: 1825, Lifetime Supporting: 26, Managing and Contributing: 14. There has been some flattening out of growth the last month or so, after a peak in May (probably after Daniel's presentation at GigCity Elixir).

2.5 Finance update

Sebastian presented the balance sheet, the "profit and loss" statement, and answered questions around our financial status. We are currently at the lowest balance in our history as a foundation, more sponsors needed.

2.6 Board Executive Elections

As customary the board elects its chair, secretary and treasury the first meeting after new board members have been elected. Alistair and Sebastian are willing to stand again. No other nominees presented.

RESOLVED: That the Erlang Ecosystem Foundation board elect Alistair Woodman as its chairperson. Unanimously approved.

RESOLVED: That the Erlang Ecosystem Foundation board elect Sebastian Strollo as its secretary. Unanimously approved.

RESOLVED: That the Erlang Ecosystem Foundation board elect Sebastian Strollo as its treasurer. Unanimously approved.

 - Helping with Gleam, and Elixir, OTP working on figuring out how to get it done
