2.7 Fundraising and Sponsorship Working Group update

Working on “Develop a funding target and action plan.”

Dan explained how board members can help with fundraising - there are helpful docs to get started and a spreadsheet listing companies to reach out to. Board members should check in with Dan for context on companies being approached.

2.8 Stipend requests

Jonatan presented the new Notion-based stipend request flow:

- Requests come in via website and go to a Notion database that the board has access to

- Board meeting flow will be to go through stipend requests that need action
- Currently no communication with applicants is automated (Paula has been handling some of it in the past, but need way of communicating decisions and non-decisions to applicants)
