Peer Stritzinger	✓		joined late
Sebastian Strollo		✓	excused
Lars Wikman	✓		
Alistair Woodman	✓		
Total	9	3	

Also present:

- Daniel Janowski - Director Operations

2 Agenda Items

2.1 Approval of minutes from previous meeting

RESOLVED: That the Erlang Ecosystem Foundation approve the minutes as presented as representing a true and accurate record of the board meeting #131 held on June 18, 2026 (git: `b0161ff`). Approved, with Amos King abstaining (absent from that meeting).

2.2 Intermediate actions

- **IRS 990:** Progress ongoing; target is end of July.
- **Budget planning:** In progress; to be completed before the 990 filing.

2.3 Unanimous Consent votes

None.

2.4 Finance update

Bank balance approximately $125K; crossed back above $100K following receipt of recent deliverables. No material change since the previous meeting.

2.5 Membership update

No significant change in membership numbers. Lars Wikman noted that the company registry has reached 170 companies, of which approximately 107 are net new to the EEF's records.

2.6 CNA/CVE Security Update

Jonatan Männchen was unable to attend (OTP team release). Alistair Woodman reported on his behalf: 87 CVEs filed in Q2; Q3 estimate is 112; backlog currently approximately 500 items under active review. Process automation work continues.

2.7 Fundraising and Sponsorship WG Update

Dan Janowski presented a proposed restructuring of sponsorship tiers. The proposal introduces:

- **Core Impact** tiers (Small / Medium / Large / Enterprise) broadly continuing the existing structure, with updated price guidance.
- **Strategic Impact** designations at 2× and 4× the Core level for sponsors wishing to contribute more.
- **Visionary Impact** designation — not listed publicly; to be applied on a case-by-case basis for transformational contributors.

The board discussed concerns about closing large-anchor deals at the proposed enterprise price points, transparency of judgment-call pricing, governance of the Visionary designation, and the treatment of in-kind vs. cash contributions. No vote was taken. The discussion will continue in the Sponsorship Working Group.

2.8 Stipend requests

The board considered stipend submissions currently in the Notion review queue. It was noted that several board members lacked access or notification setup for Notion stipend submissions; Dan Janowski agreed to post the Notion page URL in the board Slack channel to resolve access and notification gaps.

The board voted on the Goatmire event stipend (submitted by Lars Wikman):

RESOLVED: That the Erlang Ecosystem Foundation approve a stipend of $2,900 for the Goatmire event. Approved, with Lars Wikman abstaining (submitter).

All remaining stipend submissions were deferred to the next meeting to allow board members time to review them in Notion. The Bart Hologram request was additionally noted as requiring resubmission via the Notion form (currently received only by email).

2.9 Any other business

None.

Alistair declared the meeting adjourned at approximately 16:50 UTC.
