Minutes of a Regular Meeting of the Board of Directors

Meeting #133 held on Thursday August 13, 2026.

A regular meeting of the Erlang Ecosystem Foundation was held over group conference call (Zoom). The meeting began at 16:05 UTC.

1 Attendance

Members of the board of directors:

Name	Present	Absent	Comment
Lee S Barney	✓		
David Bernheisel	✓		joined late
Francesco Cesarini	✓		
Zach Daniel		✓	excused
Kiko Fernandez-Reyes		✓	excused
Amos King	✓		
Bryan Paxton	✓		
Miriam Pena Villanueva	✓		
Peer Stritzinger		✓	excused
Sebastian Strollo	✓		
Lars Wikman	✓		
Alistair Woodman	✓		
Total	9	3	

Also present:

- Daniel Janowski - Director Operations

2 Agenda Items

2.1 Approval of minutes from previous meeting

Deferred. The minutes of meeting #132 were not yet prepared.

2.2 Intermediate actions

- **IRS 990:** Still in progress; target is end of August 2026.
- **El Maizal contract:** Terminated at end of July 2026.

2.3 Unanimous Consent votes

None.

2.4 CNA/CVE Security Update

Jonatan Männchen was unable to attend. Alistair Woodman reported: Q3 CVE filings are on track to exceed Q2. The self-service CVE notification desk is now complete. The EU Cyber Resilience Act reporting obligations for manufacturers are coming into effect imminently.

2.5 Marketing update

Dan Janowski reported that following termination of the El Maizal contract, he has assumed responsibility for EEF communications, including social media, a new article publishing site, and community outreach via Discord and Slack. The new sponsor site (sponsor.erlef.org) is live and linked from the main EEF website, with the updated sponsorship tier structure published.

2.6 Financial position and cashflow projections

Alistair Woodman presented a cashflow model covering two worst-case scenarios for the remainder of 2026 and through 2028:

- **Worst case (no new income, no NSF grant):** Current bank balance depleted by November 2026.
- **Second worst case (NSF grant, no other new income):** Balance reaches a low of approximately $53K in September 2027, recovering to positive by approximately April 2028.

Key factors: Herrmann Ultraschall has reduced its 2026 support; other sponsorship income is slow; the El Maizal contract termination reduces fixed expenditure. The NSF grant outcome is expected by end of August or September 2026. The executive noted that actual income from existing pipeline and further grant applications is expected to improve on both scenarios.

The board was asked to be active in sponsorship outreach and to treat the cashflow position as a standing agenda item going forward.

2.7 Marketing WG stipend — Daniel Janowski

RESOLVED: That the Erlang Ecosystem Foundation approve a stipend of $2,000 per month to Daniel Janowski for his work leading EEF marketing and communications. Unanimously approved.

2.8 Stipend requests

Other open stipend requests deferred pending NSF grant notification.

2.9 Sponsorship WG update

The new sponsor site (sponsor.erlef.org) is live with the updated tier structure. Noted for action: a link to the CNA should be added to the main EEF website header.

2.10 Any other business

None.

Alistair declared the meeting adjourned at 16:58 UTC.
