

Erlang Ecosystem Foundation

Annual General Meeting

September 2020

Chair's Report

This is the 1st Annual Report for the Erlang Ecosystem Foundation.

Genesis

The Foundation officially filed its articles of incorporation as a California Nonprofit Public Benefit Corporation on Jan 19th, 2019 and it was duly registered as such on Jan 23rd, 2019.

As of May 29th, 2020 we also received formal approval from the IRS as a US 501c3 not-for-profit under federal tax laws.

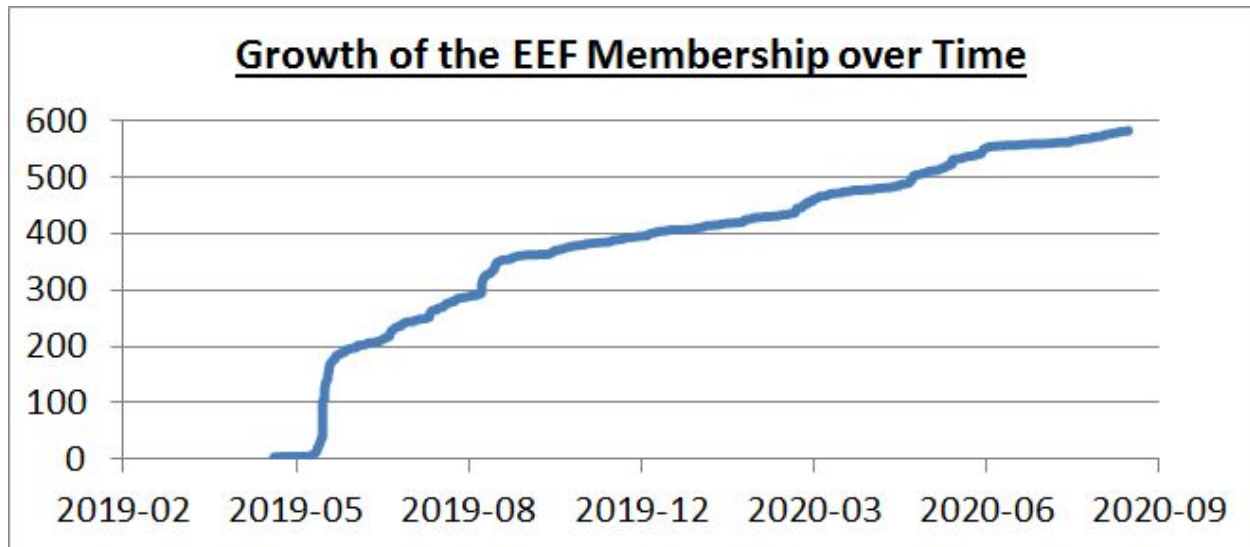

Our Members

Per our charter and bylaws, we are a community benefit organization open to all persons interested in the well-being of the BEAM languages and the developers using them.

Member list

Summary Keyword search Advanced search Saved searches										
Level	Total	Active	Renewal overdue	Lapsed	Pending			New in last		
					New	Renewal	Level change	7 days	30 days	
Annual Supporting Membership	95	95	4	-	-	-	-	-	-	-
Basic Membership	466	466	-	-	-	-	-	4	17	-
Board	7	7	-	-	-	-	-	-	-	-
Fellow	2	2	-	-	-	-	-	-	-	-
Lifetime Supporting Membership	10	10	-	-	-	-	-	-	-	-
Managing and Contributing	4	4	-	-	-	-	-	-	-	-
Total	584	584	4	-	-	-	-	4	17	-

As of the time of this report we have 584 members. Membership covers 64 countries with the 'most remote' (i.e. distance to the next nearest Meetup) probably a member in Fiji! We are actively interested in expanding our community, but like many 'best laid plans' in 2020 we are running into the headwind of Covid-19.

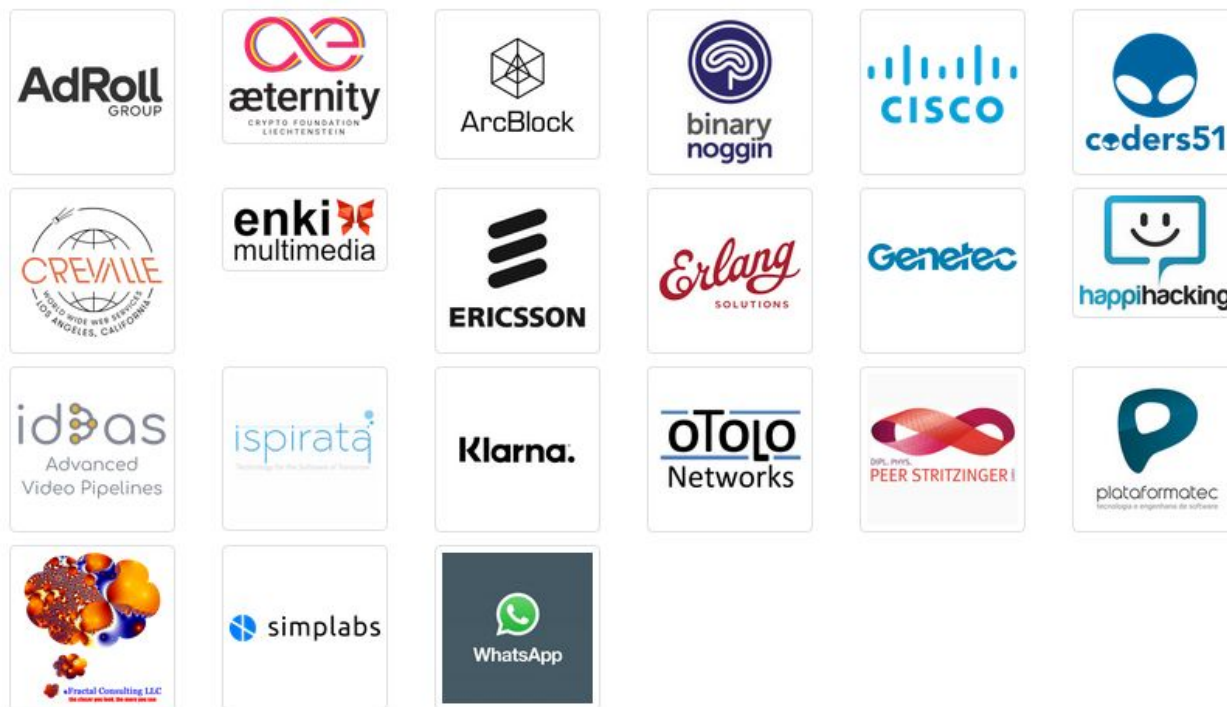

We have also been focused on outreach and inclusivity. Several of our working groups, especially the Marketing and Education, Training & Adoption WGs have charters and have allocated budget to promote diversity. Members with an interest in helping with diversity are encouraged to reach out to these two working groups.

Our Sponsors

We are grateful to our sponsors for their financial support. They are instrumental in putting the Foundation on a sound financial footing and allow us to invest in community development and future growth.

Founding Sponsors

Sponsors

The Sponsorship WG is focused on increasing our outreach to companies and other not-for-profits in the software development space. Members working for companies who are heavy users of Elixir and Erlang are encouraged to broker relationships with their executives and the Sponsorship WG. We are interested in creating a virtuous circle of mutual interest and increasing the rate of the community's expansion. The number one feedback from our sponsors is for the EEF to help increase the available pool of BEAM developers.

The Working Groups

At the moment, there are 12 chartered Working Groups within the EEF:

- Marketing
- Security
- Building and Packaging
- Fellowship
- Sponsorship
- Observability
- Education, Training & Adoption
- Documentation
- Embedded Systems
- Infrastructure
- Language Interoperability
- External Process Communication, Interoperability & Robustness (EPC)

To date the board has been open to the chartering of WGs from members who are passionate about a specific area and are willing to self-organize. The existing WGs are also interested in more active members joining them.

I know from formal and informal conversations with WG Chairs and members that Covid-19 has put an extra strain on the functioning of the WGs. Society as a whole is struggling to adapt to the nonlinear nature of Covid-19 effects and its impacts are especially difficult on all those with family responsibilities related to child- or eldercare. Rightly, everyone is focusing on their personal situations and direct work-related changes and they subsequently have less bandwidth for pro-bono activities. As the saying goes: 'this too will pass', but in the meantime the WGs are making as much progress as they can in 'Covid-times'. For the minority of members who actually have more time on their hands due to Covid-19, please reach out and get involved.

The Board

The board has held 36 meetings since the founding meeting on Thursday Feb 21, 2019. The initial board was instantiated by 11 members and has kept this constellation after our first board member election.

The following are the major regulatory compliance milestones in 2019:

- 2019-01-19; CA ARTS-PB-501C3 filed (nonprofit incorporation)
- 2019-01-23; CA ARTS-PB-501C3 registered
- 2019-02-14; Unanimous consent approval of the Bylaws 1.1
- 2019-02-21; First board meeting. Ratification of incorporation and Bylaws
- 2019-03-21; Conflict of Interest Resolution for board members
- 2019-11-14; OFAC Compliance Policy
- 2019-12-02; IRS 1023 and CA FTB 3500 filed (501c3 application)

The following are the major regulatory compliance milestones in 2020:

- 2020-05-29; Approval of IRS 501(c)3 status
- 2020-07-14; IRS 990-EZ and CA FTB 199 filed (2019 tax reporting)

Pursuant to the EEF Bylaws the following major actions were taken:

- 2020-03 Board elections by the voting members for cohort C per Section 5.5 & 14.8
(Francesco Cesarini, Fred Hebert, Sebastian Strollo and Alistair Woodman were duly elected)
- 2020-04 President & Secretary/Treasurer elections by the board per Section 5.5.1 & 14.8
(Sebastian Strollo (Secretary/Treasurer) and Alistair Woodman (President) were duly re-elected)
- 2020-08 The remote 1st AGM was scheduled for 2020-09-11 per Section 3.12 & 14.8

The President and Secretary/Treasurer are recommending that the voting members ratify the actions of the Board and Officers of the EEF as being in the interests of the EEF and in accordance with the Bylaws.

Looking Forward

The board is looking at several avenues for activities over the next 6-to-12 months.

1) Paid marcom:

We recognize that the EEF probably needs dedicated support for marcom activities. We are exploring different commercial options.

2) Open source repository / caretaker:

There are several conversations going on with respect to adopting open source projects that are in need of maintenance or where an entity wishes to transfer responsibility for projects to the EEF.

3) How to get more involvement:

We recognize that participation is especially difficult due to Covid-19 and we are evaluating options. Feedback and suggestions from the members in this regard are welcome, especially if we can get insight about regional or country specific opportunities.

4) More directed funding:

The board is asking the WGs to prioritize projects that they feel that the EEF should be supporting

5) Spending money:

Again due to Covid-19, most WGs are behind on their budget allocations. We intend to encourage more WG activity.

6) Virtual event participation:

Obviously 'virtual everything's' are here for a while, so we will be trying to get better at fostering remote activities.

Best Regards

Alistair Woodman

Chair and President of the EEF
